To Whom It May Concern

Re: Mosaic Property Group

MS Queensland is pleased to offer a letter of recommendation for Brook Monahan and his strong team at Mosaic Property Group.

For the past 60 years, MS Queensland has provided care and support to Queenslanders living with multiple sclerosis and more recently, other chronic, progressive neurological diseases.

Mosaic Property Group, knowing that being in business brings with it a responsibility to contribute to the community, have recently partnered with MS Queensland to support our *MS Swimathon* fundraising events. In all our interactions they have been supportive, committed, giving, and true to their word. In a deepening partnership between our organisations, Mosaic Property Group are also providing expert property advice - totally free of charge - to assist MS Queensland to deliver on our visionary specialist disability housing initiative known as *Project Dignity 120*.

In all my dealings with them, I have found the Mosaic Team to place great care in listening to the needs of others, more than their own. They genuinely appear to care about the people who will continue to live in or near to the area in which they build and their recent establishment of a company Foundation is a strong signal of their altruistic commitment to the community. I have found the lack of ego from everyone at Mosaic, including the boss Brook, very refreshing.

I have no hesitation in recommending Mosaic Property Group as a company that is genuine, delivers on its commitments and has the community's long term interests in the forefront of their mind and their work.

I can be contacted using the details below to discuss this matter further.

Yours sincerely,

Lincoln Hopper
CEO, MS Queensland
